

LEADING EXPORTER  
OF  
ARECA LEAF PRODUCTS

[www.adubiexport.co.in](http://www.adubiexport.co.in)

## About Us

Chief Executive and Promoter of M/s. Aduhi Exports is Mr. Darshan JP, aged 30 a Science Graduate comes from a traditional business family business relating to the food industry for more than three decades. With a vision for the rapid evolution of the business industry to achieve a worldwide goal without plastic.

Fundamentally interested in conserving Mother Nature, now promoted M/s. Aduhi Exports with a pattern of producing and distributing Areca Leaf Eco-Friendly products around the world, which will change the habit of using products made from plastic and non-degradable materials.

We are a registered corporation with proper government procedures.

"We have modified our environment so radically that we must now modify ourselves to exist in this new environment."  
- Norbert Wiener

# Our Beliefs

## Reduce, Reuse, and Recycle.

Cut down on what you throw away. Follow the three "R's" to conserve natural resources and landfill space.

## Educate

Educate. When you further your own education, you can help others understand the importance and value of our natural resources.

## Shop Wisely

Say No to Plastic Plates, Bowls, Containers instead shop biodegradable Products.

## Act Now

Act Now & Choose Areca Leaf Products for Cleaner Future.

## We have to Save Our Only Planet

2016

— Founded with a Uision

Started Exporting to US

2017

2018

— Started Exporting to Europe

Started Exporting to  
Middle East

2019

2020

We all went in Lockdown  
— due to Pandemic

Started Exporting with  
Hopes & Positivity

2021

## Why Choose Areca Leaf Products

	BIODEGRADABILITY	COMPOSTABILITY	RAW MATERIAL	THERMAL RESISTANCE
ARECA LEAF PRODUCTS	turn to soil in less than 45 days	acts as an excellent natural compost	made from naturally fallen Areca leaves	can hold hot/cold liquids while maintaining shape does not transfer heat
PAPER PRODUCTS	coated with wax-laminates non-biodegradable	coated with wax laminates non-compostable	made from recycled paper, chemically treated afterwards	transfer heat, laminates help to hold liquids
PLASTIC PRODUCTS	non-biodegradable	non-compostable	made from non-renewable petroleum products	can hold hot/cold food while maintaining shape
CANE-BASED PRODUCTS	biodegrade in 4-6 months	non-compostable unless burnt	made from bamboo trees which are cut for the purpose	lose shape on contact with hot liquids

## Why

## Choose Us

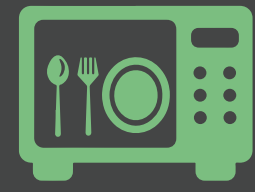

100% Biodegradable

100% Compostible

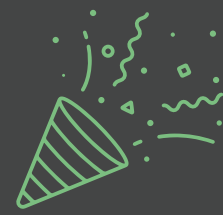

Strong Design

Sterilized for your Safety

Leak Proof till 12 -14 hours

Perfect for All Occasions

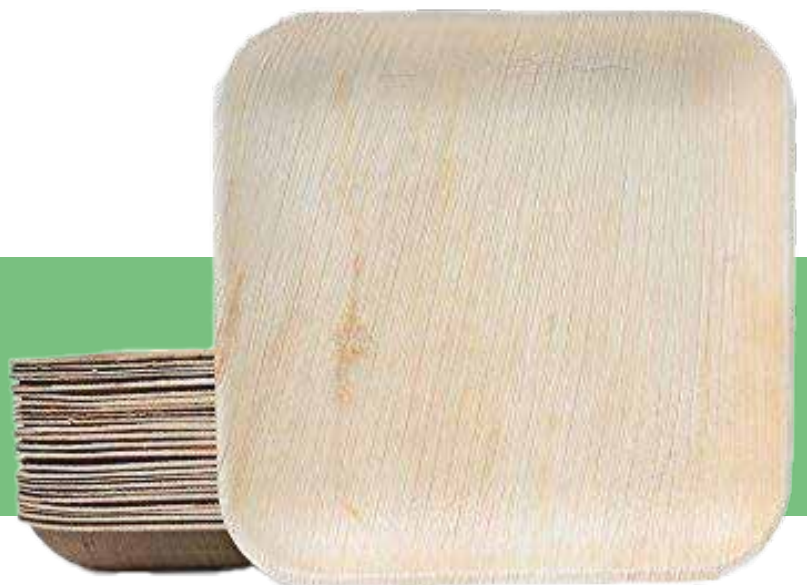

# OUR PRODUCTS
