About Us

Welcome to ECO FRIENDLY CONCEPTS - the Indian company with the motive to produce and distribute the eco friendly Areca Leaf products worldwide, for a better tomorrow !

Eco Friendly Products

Palm Leaf Plates / Natural Leaf Plates / Areca Leaf Plates
The use and throw Palm Leaf Plates / Natural Leaf Plates/ Areca Leaf Plates and Cups made out of Areca Leaf are 100% biodegradable and compostable. These hygienic, non-odorous, non-toxic, light weight plates and cups made out of Areca leaf are environment friendly. An economical disposable alternative for all catering occasions. These areca leaf plates and areca leaf cups need no wash.

These Areca Leaf Products are various products manufactured out of Areca Leaves. Few available products are Areca Leaf round plate in sizes of 6", 8", 10", 12" with different rib sizes,

The Facts about Areca Leaf products are interesting and must to know. Our exclusive Areca Leaf Dinnerware line is great for entertaining. These elegant, disposable party plates made from Areca leaf are an eco-friendly alternative to conventional disposable plates. These biodegradable areca leaf plates are a natural and renewable resource. Areca Leaf that are naturally discarded from the areca tree are collected from the forest floor and no trees are cut.

A perfect alternative to plastic carry bags. These bags are made by pasting and folding either two or three sheets of newspaper to make bags of different sizes. The handles of the bag can be made with jute string, cotton string or nylon string. The price per bag depends on the size and the thickness. Bags are available in different sizes and also can be customised according to requirements.
